INTRODUCTION

We are pleased to introduce an exciting addition to the Flybridge range – the all-new Princess F45. This eagerly anticipated new model showcases a further development of the latest Flybridge design, evolved from the Princess F55 and F62, with an emphasis on strong, continuous feature lines, with a dynamic edge, underlining the confident character of the boat and projecting the Flybridge range into a new era.

The new Princess F45 has been designed with on-deck living in mind which is apparent from the moment you step on board. The sociable cockpit seating area seamlessly connects to the aft galley and can be extended via a sliding seat option to create additional flexibility within this area. An optional barbecue and sink can also be selected, neatly accommodated aft of the cockpit seating, to extend the entertaining space to the transom platform.

The well-proportioned flybridge features a U-shaped seating area, wetbar, twin helm seats and an L-shaped seat which can convert to an additional sunbed when required. Below decks she continues to deliver with a full beam ensuite master cabin and forward ensuite which can be specified with scissor berths. This exciting new model also promises class leading performance and can be propelled to a top speed approaching 31 knots when fitted with the Volvo IPS 600's, with the added advantage of joystick control.

DELIVERING AN EXCEPTIONAL EXPERIENCE

Owning a F45 isn't just about having a yacht, it's also about becoming part of an exclusive club. Belonging to the Princess family is a lifelong privilege, and our exclusive worldwide dealer network means you are never far from a friendly face.

Owning a Princess gives you unique benefits and exceptional experiences, such as Princess Lifeline, a 24/7 international SOS service providing all new owners with free access to medical and security assistance, powered by MedAire. Princess owner's can contact the Princess Lifeline when planning a trip for medical and safety recommendations or can call to receive medical and security advice and support while at sea and ashore.

Also with the F45, gone are the days of large owner manuals, and instead you can find anything you might need available on a bespoke F45 app, in a range of language options.

A familiarisation course prior to despatch means you can confidently take on the waves in your new yacht, and our calendar of exclusive Princess owner events and parties means you will always have somewhere to head for next.

From the first conversation you have with Princess to the personalised treatment with our aftersales experts, you can expect the highest quality of care and attention, coupled with our legendary dose of joie de vivre.

Princess: Experience the Exceptional.
